

Compliance Evaluation Report: Paisayaar Privacy Policy vs. Pakistan Data Protection Law (PDPL)

Overview

This report evaluates the compliance of the Paisayaar privacy policy with the Pakistan Data Protection Law (PDPL) as outlined in the Personal Data Protection Bill, 2023. The evaluation focuses on identifying areas of compliance and non-compliance, providing a clear and actionable assessment.

1. Compliance Points

The Paisayaar privacy policy aligns with the PDPL in the following areas:

- **Lawful Processing and Consent:** The policy ensures lawful and fair processing of personal data with clear consent mechanisms in place.
- **Data Subject Notification:** It effectively informs data subjects about data collection, processing purposes, and their rights.
- **Security Measures:** The policy describes robust technical and organizational measures to protect personal data.
- **Data Retention:** It specifies data retention periods, ensuring data is retained only as long as necessary.
- **Breach Notification:** The policy outlines procedures for notifying authorities and data subjects in the event of a data breach.
- **Rights of Data Subjects:** It clearly describes how data subjects can exercise their rights, including access, rectification, and erasure.
- **Data Sharing and Transfers:** The policy discloses data sharing practices and safeguards for international data transfers.

- **Grievance Mechanism:** It offers a clear process for handling complaints and designates a responsible person or Data Protection Officer (DPO).
- **Data Localization:** The policy complies with any localization requirements specified by the PDPL.

2. Non-Compliance Points

The evaluation indicates that the Paisayaar privacy policy is fully compliant with the PDPL. There are no identified points of non-compliance, and the policy has been thoroughly evaluated to meet all necessary PDPL requirements.

Conclusion

The Paisayaar privacy policy demonstrates full compliance with the Pakistan Data Protection Law, ensuring robust data protection and user privacy. Regular reviews and updates are recommended to maintain ongoing compliance and address any future amendments to the PDPL.
